

AY GERMANY
WILL NOT SIGN
PEACE TREATY

are Recovering from
Amazement—Im-
mune to Horrors

BERLIN, Thursday May 9.—(By The Associated Press.)—The people, the fairly stricken dumb, the peace terms, are now recovering sufficiently to declare that Germany cannot and will not sign the compact, no matter what the consequences.

Strikes are increasing and Bolshevism and the Spartacist uprising of the past two months have made Germans immune to the possible horrors which are to be anticipated if they are plunged into war, according to the best opinion here. There exists a small group of Germans, chiefly conservatives, who prefer to see an entente occupy the whole country that it have it Bolshevik, but they are in the dwindling minority.

Reports from the Versailles correspondents emphasize the feeling of amazement and excitement which prevailed in reading of the terms of the peace treaty. All the correspondents agree that that no ready decision will be reached. A final decision is allowed the Germans to answer and the time will be used for consideration of the demands and the preparation of counter suggestions, the correspondents say.

There is much speculation in Berlin as to whether the terms present maximum demands which may be reduced or whether they are minimum and irrefutable.

According to the Berlin Zeitung Am Mittag the delegation at Versailles will carefully avoid any bargaining but will present definite clear cut counter proposals which in part have already been prepared. "These counter-proposals," the newspaper declares editorially, "will be based on the fourteen points so disgracefully abandoned by President Wilson. If the German people had to vote on these terms, as a whole there would not be a single 'yes' vote without measure of limit—that used to be a Wilson phrase and the Wilson peace offered us yesterday falls in this category instead of on his fourteen points."

The parliamentary leaders of all factions who are in Berlin to attend committee meetings admit they were stunned by the severity of the proposed peace terms. Beyond casual comment, however, they declined to discuss the entente's conditions or details or to forecast the assembly's probable attitude. The leading member of the independent Socialists declared the peace offered was wholly dictatorial and that its revision was possible only thru a world revolution.

THREE TRANSPORTS
SAIL FROM FRANCE

WASHINGTON, May 9.—Sailing of two battleships, the Rhode Island and Virginia and three transports, Roma, Noordam and Plattsburg, from France, was announced today by the war department as follows:

The Rhode Island is due at Boston May 19 with the 107th Field battalion of the signal corps complete; ambulance service sections 503, 535, 568, 574, 580, 584, 588, 607, 609, and 611; sanitary squads numbers 7 and 29; four casual companies; service park companies Number 314 and 315, and three casual of ficers.

"The Virginia is scheduled to arrive at Newport News May 19, with 107th sanitary train, less field hospitals Number 125 and 127; 107th supply train complete, 107th train headquarters and two casual companies.

The Plattsburg expected to arrive at New York May 15 on board the 322nd field artillery complete, a Liverpool and Brest convalescent detachment and a number of casuals, including sixty soldiers' wives and thirteen sailors' wives.

The Noordam, due at New York May 17, is bringing the 125th infantry, third battalion, less 28 officers; 126th infantry medical detachment and two companies; thirty one casual officers including Brigadier General C. LeRoy Irwin and Avery Anderson and casual enlisted men. The Roma to arrive at New York May 19 with 505th engineer service battalion complete.

CONTRIBUTE TO LOAN

CHICAGO, May 9.—It was declared by a Cub-Giants baseball game played by wire. Chicago society people tonight contributed \$4,500,000 in plus subscriptions to the victory loan. It was understood that a similar party was being held by members of New York's "40s."

By the rules adopted a \$10,000 subscription was credited as a hit, \$20,000 as a double and \$30,000 as a triple and \$50,000 as a home run. It was declared the Cubs with pitcher Alexander as the chief star in attendance had won but nobody figured up the score.

To Discharge
All Eligible
By June 15th

WASHINGTON, May 9.—Commanding generals of the north-eastern, eastern, southeastern, and central departments and of Camps Knox, Bragg, Benning, Humphreys Eustis, and Fort Sill were instructed today that it is the desire of the war department to have discharged by June 15, all men drafted men or enlisted for the emergency who are eligible for discharge.

The exception of the southern and western departments from the order was understood to be due to the fact that the units under the supervision of those departments are largely on duty on the Mexican border and that it therefore might not be practicable to release the men by June 15.

It was explained at the war department that the men intended to be affected by today's order were those whose service has been entirely within the United States and who now are attached to "line organizations of the regular service" similar instructions will be sent to commanders of each of the 23 demobilization centers, but in their cases previous orders regarding the discharge of soldiers within 48 hours after their arrival still will be enforced.

Commanders of demobilization camps also were informed today that in discharging organizations sent to them all men coming from a given city or community are as far as practicable to be discharged on the same day. This is to enable the men to return in a body to their community for such welcome as may be contemplated for them.

THINKS TANK MIGHT
END DOMESTIC WAR

WASHINGTON, May 9.—Tanks helped end the war in Europe; a Kentucky mountaineer thinks one might end domestic warfare for him.

Up in the mountains where he lives this man writes the war department the roads get very bad—almost impassable. After a hard rain his horse makes slow going and he often does not reach home until very late at night. His wife rather doubts that bad roads are the reason.

"I have heard that these tanks travel over impassable ground at good speed," he writes, "so when the government disposes of its surplus war material please send me one so I can get home on time and live in peace with my wife."

Unfortunately for him, tanks have not yet been declared "surplus."

POSTMASTERS TO
MEET MAY 21

ROCK ISLAND, Ill., May 9.—President Harry P. Simpson of the Illinois Association of Postmasters today announced the 11th annual convention of the association will be held at Joliet, May 21 and 22. It is the first postmasters' convention held in three years, the meetings having been suspended during the war.

Prominent among those to take part are Colin M. Selph, president of the National Association of Postmaster, J. C. Koons, first assistant postmaster general and General J. E. Stuart, chief post-office inspector in charge of Chicago, Ill.

BELIEVES CHICAGO
FREE OF BANDITS

CHICAGO, May 9.—A night having passed for the first time in many months without a larcenous crime of major moment. Chief of Police Garrity heaved a sigh of relief today and announced that in his opinion Chicago is now practically free from bandits, safe burglars and burglars.

Three weeks ago the police started to arrest every known crook in sight and five hundred of them are now locked up on vagrancy or other charges or have left town, Chief Garrity said.

"It is probably the greatest raid of its kind ever made in the country," the chief said. He added that his men would continue to search for undesirable persons overlooked. Sixty-five arrests were made last night.

NAMES ANGELL CHAIRMAN

Washington, May 9.—The National research council announced today the appointment of Dean James R. Angell of the University of Chicago as chairman of the council for the year beginning July 1. The National research council was organized in 1916 by the national academy of sciences as a measure of national preparedness and was re-organized a year ago under presidential order.

U-BOAT CAPTAIN IN TOWER

London, Thursday, May 8.—The captain of a German submarine captured in London from Spain today and was placed in the Tower. The Star understands that he was the commander of a U-boat which sank several hospital ships.

FIND GIRL NOT GUILTY

Seattle, Wash., May 9.—Ruth Garrison, 18 year old girl, who confessed to the poisoning of Mrs. Grace Storrs, her rival for the love of D. M. Storrs on March 18 last was found not guilty late today because of mental irresponsibility at the time of the crime.

PLANES START
SECOND LAP OF
FLIGHT TODAY

Expect to Reach Cape
Broyle, Where Trip
to Europe Starts

WASHINGTON, May 9.—Postponement of the flight of the two navy seaplanes from Halifax to Trepassay Bay, Newfoundland until tomorrow officially reported to the navy department today, did not dampen the enthusiasm with which officers here regard prospects for successful accomplishment of the trans-Atlantic air journey by these machines. The postponement was due to a desire to replace four propellers but no details were contained in the message from the mine layer Baltimore at Halifax. It was assumed by officers here that propellers on both the NC-1 and the NC-3 showed signs of wear which prompted Commander John H. Towers, in command of the seaplane division, to wait over a day at Halifax.

Arrangements for the flight were said today to be working out smoothly. Machines are en route to the region of Cape Broyle, from which the actual flight for Europe will start. Naval vessels were moving today into their stations along the path to be followed under a regular schedule.

Arrival of the NC-4 held up yesterday by engine trouble at Chatham light, Mass. early today ended anxiety as to the safety of the flying boat and her crew. Lieut. Commander A. C. Read, her commander, personally informed the department of his arrival. Only two of his four motors working. It is expected the NC-4 will get under way for the division at Trepassay Bay on Sunday, weather permitting.

The officer did not give details of the trouble encountered. It was expected Towers would get his two planes at Halifax into the air early tomorrow for the 437 mile jaunt to Cape Broyle. Weather indications were fairly favorable tonight and the planes should make the trip in about eight hours.

Leave for Stations.

Trepassay, N. F., May 9.—Newfoundland will be linked with the Azores tomorrow by a chain of American destroyers. The last of the guard ships detailed for the third leg of the navy's trans-Atlantic seaplane flight left here tonight for their stations.

Heighten Interest.

Unfavorable weather still preventing the trans-Atlantic flight of the British aviators here tomorrow is expected to heighten local interest with the arrival of the Steamship Light from Liverpool bringing Col. John Cyril Porte's flying boat for entering the air race for the London Daily Mail's \$50,000 prize.

Conflicting reports of wind and weather in mid-ocean were received today. Harry Hawker, the Australian flyer, predicted again that the full moon scheduled for May 14 would see the start of his flight, with Raynham, his British rival, probably starting at the same time.

SOLDIER TAKES
BANDIT PRISONER

WHITE BEAR, Minn., May 9.—Henry Clewett of White Bear, who returned to Minnesota yesterday with the 151st (Minnesota) field artillery of the Rainbow division and came here to visit his parents, today "stormed" a bandit's den, fled to an alley after hobnobbing the First State Bank of White Bear of more than \$4,000.

C. H. White, who says he is a returned soldier soldier is in the county jail tonight.

Shortly after noon White entered the bank, W. J. Kidder, cashier, was alone. White collected the currency and forced Kidder, who touched off the burglar alarm, into the vault.

White started away in his automobile, but when a shot whizzed by him, he threw away his haul and fled from the machine.

Clewett was visiting his uncle, Nels Nelson, who is White Bear's police force, when he learned of the robbery. He joined the posse which cornered White in an alley. Into the alley went Clewett.

"Give me your guns," he ordered. "White produced his two weapons and a revolver he took from Cashier Kidder. 'I've been over the top too many times to be worried by a bird like that,' said Clewett.

TO DEPORT AGITATORS

Buenos Aires, Thursday, May 8.—Within the next few days 300 anarchistic agitators will be deported, the most of them being Russians and Italians. Among them are 17 women. The chief of police expects soon to have 400 more ready for deportation to their respective home-lands.

PITCH TENTS FOR FAMILIES

New York, May 9.—The mayor's committee on rent profiteering pitched army tents on school sites in the Brownsville section of Brooklyn today to provide shelter for 166 families who expect to be evicted.

Rush Guard
Of Soldiers
To Cananea

DOUGLAS, Ariz., May 9.—With two military train bringing soldiers from Nogales and points south of there to Cananea Sonora, Mexico, late today and a home guard formation under way in the town, the feeling of trepidation exhibited there earlier in the day as a result of a raid by 77 bandits early today was largely dispelled. A public meeting for the formation of the home guard and to formulate a program of defense for the municipality was held this afternoon, having been called by the Presidente Municipal of Cananea. Reports of the kidnapping of this official were without basis it was learned. The revised death list is five, including the chief of police and four of his men.

Nothing has been heard of the bandits since they headed toward Los Nogales ranch, south of Cananea. The leader of the band is Jose Mari Suarez.

The raid started at 1:30 this morning and came to a conclusion at 4:30. The raiders first appeared in Rosquillo. After an unsuccessful endeavor to open the vault of the Banco Mercantil owned by Frank Proctor, of Los Angeles and J. M. Gibbs, American consular agent at Cananea, the bandits went to the home of the cashier forced him to go to the bank.

When he demurred they are said to have exhibited a bomb which they threatened to use to blow him and his family "into eternity," unless he consented to do their bidding. Late today a message said the cashier estimated the amount stolen from the bank at \$22,000, American gold. Four stores are said to have been looted. It is rumored, but not confirmed that two other stores were robbed. No violence was done to Americans or other foreigners.

The raiders left Cananea four hours after the raid started, going toward Los Nogales ranch in the foothills of the Cananea mountain.

DIRECT WORD COMES
FROM PRESIDENT

WASHINGTON, May 9.—Direct word came from President Wilson today that he had promised France to propose to the senate that the United States agree subject to the approval of the council of the league of nations, to aid France should Germany make an unprovoked attack. The President's message was in reply to an inquiry from Secretary Tumulty.

"Happily there is no mystery or privacy about what I have promised the government here," the president called. "I have promised to propose to the senate a supplement in which we shall agree, subject to the approval of the council of the league of nations, to come immediately to the assistance in case of unprovoked attack by Germany, thus merely hastening the action to which we should be bound by the covenant of the league of nations."

CLOSE STOCK EXCHANGE

Hamburg, Thursday, May 8.—The stock exchange has decided to close for two days as a result of the situation created by the publication of the peace conference.

FORMER HUN PRINCE
IN POTTERY BUSINESS

WASHINGTON, May 9.—The former German crown prince has gone into the pottery business, according to official dispatches received here today from Holland. A new company just organized to use the calcareous sands on the island of Wieringen in the North Sea, "has named Mr. Frederick Wilhelm Hohenzollern as the director manager." It was said he is a large investor in the enterprise.

A specially ambitious piece already put out by the new company is a tile portrait of the director manager in outing costume against a background of church and cottages. The dispatches said it was reported that the tile had been bought for \$40,000 for presentation to Premier Clemenceau of France.

WILL OPEN REPAIR SHOP.

M. Duffy, who has been for four years with the Russell & Thompson jewelry store, is soon to open a first class repair shop. Mr. Duffy is a thorough qualified watchmaker and jeweler of many years' experience and his friends in Jacksonville will be glad to know that he is to remain here and enter upon business on his own account. Mr. Duffy solicits a share of public patronage.

TO ORGANIZE ASSOCIATION

Chicago, May 9.—As a result of a movement started May 1st, in Washington to organize a naval reserve officers' association, a meeting of reserve officers of the 9th, 10th, and 11th naval districts will be held on board the U. S. S. Commodore in the Chicago Inner Harbor the night of May 13 to organize formally in the three districts.

WILSON TO VISIT BELGIUM

Paris, May 9.—By the A. P. President Wilson will visit Belgium soon, it is understood and will make a speech during his trip thru the country.

BULLETINS

ARCHANGEL, May 9.—Via Montreal—Major General Ironsides, commander-in-chief of the allied forces on the Archangel front reports that on May 5, the enemy bombarded the allied position on the Vaga river with 5,000 shells and subsequently launched two infantry attacks. The allied casualties were slight.

PARIS, May 9.—Havas—After Paul Hymans, head of the Belgian delegation had discussed the rights of Belgium in German East Africa today David Lloyd George, the British prime minister, telegraphed Viscount Milner, secretary for the colonies, to come to Paris. On his arrival here questions concerning the East African mandate will be considered again.

LONDON, May 9.—A despatch from Omsk, dated May 1 says that since the capture of Chrostopol the Kama by the forces of Admiral Kolochek, the Siberians have been advancing at an average rate of seven miles a day and have reached the Shenala river. The enemy's resistance has been broken in the Bugulma-Bogoroditsk area. Five rifle regiments of the reds have capitulated on the Samara front.

BRUSSEL, May 9.—Some of the Belgian newspapers point out that Germany is admitting defeat must submit to the consequences. Etoile belge is of the opinion that the hard terms do not even indemnify the allies for their losses. The newspaper expresses surprise that the proposed stipulations regarding British and American supplies of France in case of attack was not also made for the benefit of Belgium.

PARIS, May 9.—(By the A. P.)—Plans for the establishment of a new banking consortium to assist in the industrial and financial development of China will be discussed as a meeting in Paris on May 12 as a result of negotiations of the United States government with the allied foreign office. Thomas Lamont will represent American group including third banks.

BERLIN PAPERS
CONDEMN TERMS

BERLIN, Thursday, May 8.—Condemnation of the peace terms is expressed by all newspapers here, those of the extreme right referring to the conditions as "unfulfillable" and the treaty as "an instrument of robbery."

The Tages-Zeitung says: "One thing is certain; there can be no question of this being a peace of justice. What a peace of justice after the entente pattern would in accordance with French desires looks like is shown by the conditions which nothing of Germany but a torn and shattered territory."

The Freiheit says that compared with the policy Germany pursued at Brest-Litovsk, the entente attitude is moderate but it is argued that the terms are in sharp contradiction with President Wilson's "14 points" and that if peace is to be built on this compromise it assuredly can have no firm and lasting foundation.

"A peace of annihilation," is the caption used by Vorwaerts, which says there is "a ruthless desire to lay Germany permanently low by force. If we sign this peace it is because we are forced to do so by our hearts. We absolutely reject it. Such a peace is an attempt to exterminate a nation not by force or arms, but by a means more brutal, economic slavery."

TO ATTEMPT TO
END LABOR TROUBLE

TOLEDO, O., May 9.—An effort to end labor troubles which have resulted in the closing down of the city's streetcar and automobile factory and three other manufacturing plants and throwing out of work of approximately 15,000 men and women will be made tomorrow by Mayor Cornel Schreiber. Mayor Schreiber addressed Overland workers today and announced that tomorrow morning he will confer with Overland officials in an effort to settle the differences over length of working hours. A committee of five of the workers will accompany the mayor. In the event the conference proves unsuccessful Mayor Schreiber will guarantee the Overland and other plants sufficient police protection and ask that the manufacturing plants be re-opened immediately. Citizens may govern in as emergency police men.

PREPARING STATEMENT

Washington, May 9.—Postmaster General Emerson announced that the wire control board was preparing a statement showing the financial operations of each of the telegraph and telephone companies during period of government control. The statement will be used by congress in preparing legislation providing for the return of the properties to their owners.

BRINGING O'BRIEN BACK

Spokane, Wash., May 9.—St. Louis police officers arrived here today with John O'Brien, arrested last week at Centerville, Wash., in connection with the attempted robbery and murder April 14, at St. Louis of Henry Becker. They departed tonight for St. Louis with O'Brien.

LOAN STILL MORE
THAN BILLION
SHORT OF GOAL

Nearly \$1,200,000,000
Must Be Sub-
scribed Today

WASHINGTON, May 9.—Nearly \$1,200,000,000 remains to be subscribed to the Victory Liberty Loan in the single remaining day of the campaign. Sales tabulated tonight by the treasury showed \$3,314,875,000 already subscribed or 73.66 per cent of the total required.

The St. Louis district is the only district which has subscribed its quota.

Subscriptions by districts and percentages of quotas raised were announced by the treasury as follows:

District	Subscriptions	Percentage
St. Louis	\$ 195,221,000	100.1
New York	1,204,000,000	89.1
Minneapolis	130,361,000	82.1
Kansas City	150,481,000	77.1
Boston	281,818,000	75.1
Philadelphia	267,600,000	71.8
Chicago	457,467,000	70.1
Richmond	137,134,000	65.3
Cleveland	242,190,000	53.8
Atlanta	74,557,000	51.7
San Francisco	136,029,000	45.1
Dallas	36,008,000	38.1

The total of subscriptions announced tonight by the treasury represents campaign results of at least twenty four hours earlier. Subscriptions taken today, together with the first ten per cent clinching payment will not show in the official totals until tomorrow night. When the campaign closes another half billion dollars, representing today's work is expected by treasury officials. This would raise the total to approximately \$3,800,000,000 and leave the remaining of the \$4,500,000,000 loan to come from the final day's sales.

The increase today was \$496,309,000 the largest of any day in the campaign.

Subscriptions today carried the percentage of quota for the Victory Liberty Loan ahead of the record in the Fourth Liberty loan for the corresponding day.

For the third time in as many consecutive campaigns the St. Louis district was the first district to obtain its quota for the entire country. The New York district also is within striking distance of its quota having on hand tonight subscriptions of \$1,204,000,000 or 93.11 per cent of its allotment. The Minneapolis district which threatened yesterday to give St. Louis a brush for first place with a gain of \$14,000,000 and the Philadelphia district from tenth to sixth place with a gain of \$67,000,000.

Colorado and Wisconsin obtained their quotas today.

Secretary Baker tonight issued the following statement:

"Our great expeditionary force is rapidly returning home where it is being demobilized. We must pay our soldiers, and we must feed, clothe and transport them until the last man is discharged. We must pay for the stores provided for the army and satisfy the debts of honor which our country undertook as its share of the great undertaking whereby the war was won.

"The eyes of the world are watching the success of the Victory Loan as the last conclusive step in that demonstration. We cannot fail.

"This is the last great drive. This loan is the last chapter in the story of America's supreme achievement. It must be worthy of the other chapters in that story."

DISCLOSE NEW
ANGLES TO CASE

JERSEYVILLE, Ill., May 9.—Dr. Horace A. Reddish, under arrest in connection with the mysterious murders of his wealthy father, Stephen M. Reddish and a negro domestic today disclose several new angles to the case, which if verified will strengthen his plea of innocence and lead to the apprehension of several others. Sheriff James Catt announced. The sheriff refused to reveal the exact nature of the disclosures. Dr. Reddish declared he believed his father had been killed either by enemies or robbers. Sheriff Catt said Dr. Reddish said his father had several enemies and had had great fear of them.

UNVEIL STATUE

New York, May 9.—A marble statue dedicated to Belgium was unveiled at the customs house here today, replacing the statue of Germany which was ordered removed last year by the customs authorities. The occasion was made a rally for the Victory Liberty Loan, in which numbers of veteran army officers participated.

Keep Politics
From Meeting
Of Soldiers

ST. LOUIS, May 9.—Efforts on the part of leaders in the American legion to prevent questions considered of a political nature coming to a vote in the caucus, a vigorous attack on the patriotism of Chicago and its Mayor William Hale Thompson and selection of Minneapolis as the next convention city were among the developments in today's session of the soldiers' sailors and marine organization which is holding its first national caucus here. For the time being at least, the question of the caucus attitude on prohibition and on the "charge of national guard officers that they have been unfairly discriminated against in favor of regular army men" was set aside. The prohibition question was killed in a special meeting of the national resolutions committee late today and national guard question also was temporarily laid aside.

The attack against voting on prohibition was led in the committee meeting by West Virginia and Kentucky.

Chicago and Mayor Thompson were bitterly denounced as unpatriotic when the question of the next convention city came up. The Chicago delegation had decorated the convention hall with signs boosting that city, but after a speech by J. F. J. Herbert of Massachusetts, delegates tore down many of them. The applause following the speech lasted several minutes and then led by the Oregon delegation the delegates began tearing down the signs. The Nebraska delegation in casting its vote said it wanted it known the action was accompanied by the sentiment "to hell with 'Big Bill' Thompson."

John P. Cummings of Chicago replied to Mr. Herbert urging the delegates not to impute the patriotism of 65,000 Chicagoans who rallied to the flag because the city had a "mayor of which it was ashamed."

Col. Luke Lea of Tennessee later offered a resolution declaring the rejection of Chicago was not meant as a reflection on the patriotism of its citizens. This was carried unanimously.

Pittsburgh, St. Louis and San Francisco were among other cities endeavoring to obtain the coming convention.

The caucus is scheduled to close tomorrow.

BRITISH LABOR
CRITICIZES TREATY

LONDON, Thursday, May 8.—After meeting to consider the terms of peace imposed on Germany by the allied and associated nations, the national executive committee of the British labor party tonight issued a manifesto declaring the treaty in some essential particulars "opposed to the declarations of President Wilson of the inter-allied labor conference and the Bera conference and virtually defective from the standpoint of world peace."

"It bears evidence of a compromise by capitalism and imperialism which still dominate European states," the manifesto declared. "Any permanent denial of Germany of an opportunity to become a mandatory under the league of Nations must cause jealousy and unrest leading to further international disputes."

O'GARA COAL COMPANY
NOW SOLVENT CONCERN

CHICAGO, May 9.—That with war orders, high prices and careful management, the O'Gara Coal Co., one of the largest in the country, which failed sensationally in 1912, is now solvent.

This fact rose to the surface today in the federal court when Judge Carpenter allowed all claims of creditors, except one, for \$1,500,000 by Thomas J. O'Gara, former head of the company, presented as the value of property turned over by him to the receiver.

PROMISE PROTECTION

Juarez, Mexico, May 9.—An anti-Chinese proclamation posted on dead walls here caused a panic in the Chinese quarter today and resulted in a conference of Chinese, Mexican and American officials this afternoon.

The proclamations were dated at Madielena, Sonora, and charged all Chinese in Mexico with various serious charges. Juarez officials promised the Oriental protection. The origin of the anti-Chinese proclamation is unknown.

BEGIN TRIAL

Berlin, Thursday, May 8.—(By The Associated Press.)—The trial of the alleged murderers of Dr. Karl Liebknecht and Rosa Luxemburg the radical Socialist leaders was begun today with General von Hoffman presiding. Public interest in the trial has been almost eliminated owing to "the peace treaty situation."

There are nine defendants on trial and sixty witnesses will be called.

END THREE DAY MEET.

Cleveland, May 9.—The federal council of the Churches of Christ in America closed its three days meeting here last night after adopting a series of resolutions and a message on "The Church and social reconstruction," which it commends to the churches of America for consideration.

PEACE TREATY
TO WIPE OUT
AUSTRIAN NAVY

Pact Will Demand
Surrender of Every
Austrian Ship

[By The Associated Press.]

The peace terms to be presented to Austria are rapidly taking form. The naval terms, as completed, contemplated wiping out the Austrian navy, the surrender of every Austrian ship being demanded. The allied and associated governments will decide later what disposition shall be made of the vessels. No hint has yet been given as to the other conditions of the treaty.

The German peace delegation at Versailles continues its task of digesting the peace terms handed to it Wednesday. According to reports originating from a high British source in Paris the delegates are divided in their views. Feeling apparently is running high in Germany over what is termed the severity of the peace terms. A review of the opinion in Berlin says that the people are destroying the consequences of a possible refusal to sign the treaty.

"Rather anarchy than slavery," is heard on all sides, the review declares.

One newspaper credits Herr Giesberts, a member of the German peace delegation at Versailles, as asserting the only solution is a peace with Russia and the employment of Bolshevik troops by Germany.

Unofficial advices from Paris declare that the controversy over Italy's status in Fiume and the Dalmatian coast is far from being settled. President Wilson, according to these advices, is not in agreement with the compromise plan by which Italy would be given a mandate to administer Fiume until 1923 and then take possession of the city. Viscount Malmier, British secretary for the colonies, has been called to Paris to discuss the question of Belgium's protest against Great Britain acting as mandatory for German East Africa.

The Hungarian communist forces continue to suffer military reverses. Czech troops have obtained a foothold at Nagyszeceny. Hungarian forces are reorted eighty miles east of the capital.

THE FEAR OF DEPORTATION.

A foreigner arrested in Hammond, Ind., for promoting Bolshevik disturbances, gave the clue to the best punishment when he shouted, "Shoot me but don't send me back to Russia." It is deportation that the anarchists and Bolsheviks fear more than any other punishment. They have a distinct dread of being sent back to the countries from which they came, yet they are doing their best to make conditions here just like those they left in the countries overseas.

SEEKING DELAY.

While Decatur is preparing for the building of an immense res-

ervoir somewhat of the same design on which Jacksonville has begun work, it is interesting to note that the same engineering firm, Pearce & Greeley, of Chicago, is serving both cities. While in the past Jacksonville used to have some citizens unwilling to forget personal interests and work for the common good, there are still some in Decatur. After the site had been practically agreed upon a movement was started for a change, and the papers say that this is only a clever effort to bring about delay. We used to have that spirit in Jacksonville.

IT'S THE PEOPLE WHO DECIDE.

Brewers and distillers while finding so many disappointments these days, nevertheless seem blind to the facts. At the Atlantic City convention they adopted a resolution indicating the belief that when President Wilson returns he will wipe out all wartime legislation, including the prohibition act. The liquor men are forgetting that no matter how amiable and pleasant the president might feel about the matter, that it is not within his power to change the situation. The constitutional amendment was brought about by the people and only the people can amend it again.

SUFFRAGE TO WIN

Senator Harris, according to the organization working for the Anthony suffrage amendment,

will support the measure. Just one more vote was needed and unless there is some backsliding the suffrage amendment will come before the people. Aside from their inherent right the women of the U. S. certainly made war time sacrifices and gave such a positive proof of patriotism and loyalty that they are entitled to suffrage recognition. European countries have been much quicker to grant this deserved recognition.

STRIKE TROUBLES

For years the Willys-Overland Automobile Co. has had a profit sharing plan in force at its factory. Now a strike has resulted in the closing of the factory, which proves that even profit sharing does not put an end to labor troubles. In most of the big strike movements which have come about in recent months some anarchistic influence has been found to be the basic cause.

CHILD WELFARE WORK

The Rotary club of Jacksonville has announced its intention of supporting every community effort for the betterment of boys and girls. This action was taken following the example of like organizations elsewhere. The child welfare movement is one of the largest of the present day, with its many reforms. The movement itself has many divisions and great possibilities. Playgrounds, supervised play, various recreational movements are all classed under this general head of child welfare.

Society is coming to know that the character of the future citizenship of the country depends upon the influences of childhood. In the proper care of boys and girls is found the answer to many of the most puzzling economic and social questions of the day. The boys and girls of today ten or twenty years hence are the controlling factors. The child welfare movement is one to guard and perfect citizenship at its source. The possibilities thru united sentiment and united effort are almost limitless.

AN APPROVED TAX.

One tax increase approved by general assembly is mothers' pension and is possibly the only increase that will awaken very little opposition. In counties over 300,000 population it is proposed to raise from 3 of a mill to a one mill tax, and in other counties from 3 to 4 of a mill. The tax already authorized has been very beneficial and has relieved many a stricken home, but the funds were not sufficient.

THE HARD ROAD SITUATION.

It is easy to understand the determined effort Gov. Lowden has made to buy cement for road improvement work at a less price. The \$50,000,000 bond issue was authorized for the purpose that it would provide about 4,800 miles of hard roads. On prices which have been submitted for materials the fund will build only about half the mileage originally estimated. The governor can see that with this great mileage difference that a lot of Illinoisans are going to be disappointed, also they will be fair enough to acknowledge that price conditions have changed wonderfully since the estimates were made for the good roads bill.

Rippling Rhymes
By Walt Mason

LET THEM GO
If a man is discontented with this country of the free, with a government invented for such folks as you and me, let him take his aunts and nieces, pack his bombs and knucks and creases in his second hand valises, and go sailing o'er the sea. If a man comes here to jabber while the other fellows work, if he's prone to be a stabber with an anarchist's dirk, let us tell him, through our faces, we'll be happy if he chases to the foul and foreign places where his fellow loafers lurk. If a skate from Europe's alleys comes to this star spangled shore, hoping by his quips and sallies to make honest workers sore, let's crown his crazy notion with a curb his weird emotion, let us lead him to the ocean and the ship that sails at four. War has left our people nervous, and we should reduce to junk any freak who comes to serve us with a lot of Russian bunk; let us treat him as a traitor, as a sinful alligator, let us load him on a freighter, where the billows go kerplunk.

CONFERENCE IN WAVERLY TODAY

George B. Kendall, county agent, will spend Saturday in Waverly. Mr. Kendall is going there for a conference with farmers on general agricultural topics. In connection with this conference the high school will have on display at the Rohrer building on the west side of the square work that has been done by the boys in manual training the past year.

There will also be an exhibit of the domestic science work by the girls, together with shorthand and typewriting display. While some special attention will be given to the particular exhibits mentioned above, all the different courses of work in the high school will also be represented. The general and informal program promises to be of great interest and value.

HOGS BROUGHT

STRONG PRICE
Edward T. Leach, a Scott county farmer who frequently visits Jacksonville, this week had on the St. Louis livestock market 109 hogs averaging 250 lbs., which sold at \$21 per hundred. These hogs had followed cattle and had access to all the grain that they could eat together with good made excellent.

GOV. YATES MADE NOTABLE ADDRESS OF WELCOME

Affirmed Principles on Reconstruction Which Called Fourth Wide Approval—Chicago Tribune Files Recall Interesting Event—Fourth of July 1865 Brought Great Celebration Here.

As it will not be long before the people of Morgan county are extending a welcome to their returning soldiers, it is interesting to turn back the pages of history and see what was done here in the way of a reception to the soldiers of 1865. Not long since Miss Georgia L. Osborne, assistant librarian of the state historical library, in looking over some old records, found in the files of the Chicago Tribune an account of this reception.

It was printed as correspondence from Jacksonville, dated June 27, 1865, and the speech of Governor Richard Yates was featured, together with his views on reconstruction and suffrage. In its editorial columns the Tribune has the present day comment that is appended, together with the correspondence referred to.

A few days later, July 6, the Tribune printed an account of the notable Fourth of July celebration held in Jacksonville with 30,000 in attendance. The celebration is mentioned as possibly the largest one in the state outside of Chicago. There was an imposing parade and the entertainment features of the day concluded with a buffalo hunt. This interesting story more than a century old, is also retold below:

Jacksonville, Illinois, June 27th, 1865.

The Yeomen and wonemyn of Morgan county have made the 27 of June, 1865, memorable in the annals of Jacksonville. Under the auspices of the Soldiers' Aid Society a public reception has been given to the returning soldiers of the 101st regiment and all other gallant boys in blue from this patriotic county. The ladies of the "Aid Society" spread a bounteous feast of all the good things for which this region, unsurpassed in digestibles, substantial and dainty, is noted. Such beef and mutton, bread and berries as graced the soldiers' banquet today in this rural city would astonish the working classes in the Old World.

Previous to the dinner, Strawn's Hall was filled to listen to the verbal exercises of home welcome to the returning heroes. Governor Yates was called upon for a reception speech and responded in his happiest vein. He could hardly divest himself of the idea that he was a returned soldier himself. His whole thoughts, his life, had been so sympathetic and identified with the cause that he felt himself indeed one of them. He had helped to equip and put in the field 200,000 men, and now rejoiced with feelings of intense personal interest. The preservers of the Republic had equalled the fame of the veterans of '76. To have been an Illinois soldier was synonymous with everything that has the import of a noble name.

Sherman's march had taught practical geography to his brave followers and that march had made the American banner eloquent with history. The 101st Illinois was the first that entered Atlanta in full force. Morgan county had sent 2,434 men into the field and 700 of them filled Martyrs' graves. From the heights of Lookout Mountain to the rocky sands of the sea shore, they had fallen for their country's cause. Hereafter in fitting terms of Capt. Pezarth and Major General Benjamin H. Grierson, urged the claims of sick and disabled soldiers and deceased soldiers' families for support by tax and the duty of erecting a monument to the fallen patriots.

He declared the nation would walk like Hercules with the Nation's debt upon its shoulders and scarcely feel the burden. The only debt we could never pay was that we owed to our national defenders.

Soldiers who had fought to vindicate American law would become law abiding citizens without special advice to that effect. They knew the secrets of success—to depend upon themselves. Jeff Davis should have the same justice that had been meted out to John Brown. If the North could enbute to his execution the South and Europe might acquiesce in the suspension of the arch traitor. But the explicit, the brief enunciation of his stand on the reconstruction was the crowning excellence of the speech. He pledged himself to vote for admission to no rebel state that did not expressly provide against the danger of secession. He announced his inflexible adhesion to the principles of emancipation and universal suffrage, and prophesied that that platform would re-elect him to the senate if he desired re-election. The overwhelming applause that responded to these sentiments so unequivocally announced, showed that he had touched a living chord in the political heart of Central Illinois. But I must close.

Colonel Smith of the Journal made an eloquent address to the returned soldiers. Prof. Lyman recited "Sheridan's Ride" in admirable style, and a trio of male voices, together with the excellent silver concert band added much to the spirit and gratification of the occasion. After dinner and eloquent responses to the toasts offered the exercises closed.

Senator Yates.

The friends of Senator Yates will be glad to learn, as they will from our Jacksonville letter this

morning, that he stands square and firm for what the earnest men of the Union party believe to be necessary and right in the reorganization of the rebel states. Considering his antecedents, and his complete devotion to the Union cause, and his consequent hatred of slavery in all its forms, and of secession in all its manifestations, nothing else could have been expected. Nevertheless, we hail his declarations with unalloyed pleasure.

Probably the largest gathering anywhere, in the state, outside of the city of Chicago met on the Fair Grounds at Jacksonville, on yesterday, to celebrate the Fourth of July.

Announcement that some twenty wild Indians, from the base of the Rocky Mountains, would give a thrilling entertainment in the arena of the Amphitheater, concluding with a Buffalo hunt, the Buffalo to be furnished by Dr. McFarland of the Insane Asylum. From an early hour long trains of family wagons each containing a basket filled with provisions for the day, might be seen approaching the ground from all points. At ten a. m. it was estimated that not less than 30,000 persons were within the enclosure. The whole county of Morgan turned out en masse, old and young, rich and poor.

The first feature in the program was the procession which preceded from the Court House in the following order:

1st. A grand monumental car, bearing a shaft some twenty feet high, with the following inscription: "Sacred to the memory of every life, limb and drop of blood, shed in defense of the Union during the slaveholders' rebellion."

2nd. A triumphal chariot, trimmed with red and blue bunting and arches of evergreens the whole surmounted with a bust of President Lincoln. In front, on an elevated seat, rode a beautiful young lady, dressed to represent the Goddess of Liberty. In her left hand a shield, and in her right a liberty pole and cap. In the center of the car, grouped together were seated thirty six young misses uniformly dressed in the National colors representing the States, while on the rear seat an Indian woman in native apparel with a bow and quiver to represent the territories. The chariot was drawn by six white horses, each led by a negro, and bore the following inscription: "One Nation, one government, one People," the whole being designed to illustrate the Union restored and the States firmly and inseparably entwined together.

Next followed a car bearing all the regimental and battle flags that had been presented to the Morgan county soldiers.

Next followed carriages bearing wounded soldiers. The balance of the procession followed according to the order laid down in the program; the whole under the direction of W. C. Woodman, Esq., to whose exertions is solely due this magnificent demonstration.

During the exercises the chair was occupied by the Hon. M. McConnell whose history is interwoven with that of Illinois since she became a territory of the United States.

The oration was delivered by Rev. Dr. Rutledge. In the afternoon the Indians performed their part of the program in a manner that was amusing and amazing. In view of the large number of women and children present, the smallness of the arena, and the infuriated state of the animal, it was deemed best to abandon the hunt.

MOTHERS' DAY PROGRAM IN WHITE HALL

Day Will Be Appropriately Celebrated in Connection with Church Services Sunday—Special Meeting of City Council—Other News Notes.

White Hall, May 9.—Mothers' day will be given appropriate significance in connection with church services next Sunday. At night the baccalaureate sermon to the thirteen graduates of the White Hall high school will be delivered in the M. E. church by Rev. E. C. Lucas, pastor of the Christian church.

A special meeting of the city council was held Wednesday evening to ratify all acts of the previous evening, which had been declared illegal because the new officers taking seats without the approval of their bonds, a matter that was called to the attention by an outsider following the adjournment of the illegal meeting. A special election was called for May 20 to vote on bonds in the sum of \$5,440 for an extension to Whiteside Park in conformity with the recent condemnation proceedings. The election is merely formal in arriving at all legal steps in the acquisition of the park as a donation from Mr. and Mrs. Seth N. Griswold. The judges and clerks will serve without pay, and there will be no active opposition to the proposition. The council also appointed a committee to act with the G. A. R. post in the observance of Decoration Day on May 30.

There are two Baptist churches in White Hall, and the first church is without a pastor, two recent "sample copies" not receiving calls. The pastor of the Tabernacle Baptist, Rev. Evans, is a resident of Jacksonville. This situation would not be so notable were it not for the fact that there are ten resident Baptist ministers in White Hall, and the majority of them are property owners and aggressive citizens.

An exhibit of drawings, compositions, penmanship, art and mechanical productions of pupils of the entire school will be held in the respective rooms Friday afternoon.

GENERAL TRAUBE COMING THURSDAY

Major General Peter E. Traube, who was in command of one of the American divisions in the battle of the Argonne and who is now in command at Camp Pike, with his aide will be the guests of the Rotary Club next Thursday evening. General Traube honors Jacksonville purely for a visit and is not coming in connection with any campaign or activity.

He will speak at the Central Christian church at 8:15 p. m. and the public is cordially invited to attend.

At 6:15 p. m. the Pastoral helpers of the Central Christian church will serve a dinner at which General Traube and his aide will be guests. This dinner is given under the auspices of the Rotary Club. Seats in the auditorium of the church will be reserved for the evening meeting for all who attend the dinner. Plates for the dinner will be one dollar each and reservations to the capacity of the dining room will be made, if desired. Those who desire to attend the dinner may make reservations for dinner thru any member of the Rotary Club before next Tuesday. Already one hundred plates have been reserved.

The big special today is cocoanut roll, made from fresh cocoanut and fruit, a fine eating candy priced at only 30c per pound at MER-RIGAN'S.

BIDS ARE ASKED

CONGREGATIONAL NOTES

On Sunday morning the annual Mothers' Day service will be held at the Congregational church. The Rev. W. E. Collins will speak on "The Ministry of Motherhood." A trio entitled "My Mother" will be rendered by Mrs. H. Wylder, Mrs. L. B. Potter and Miss Ann Pestel; Robert Shoemaker will sing "Mother O' Mine" and Mrs. Hackett Wylder will render "An Irish Mother's Lullaby." Suitable hymns will be sung and a very enjoyable service is anticipated.

To Visit Sunday Schools.

The homes of the children of the church school of the Congregational church will be visited by the members of the school Sunday afternoon. It is expected that the interest in the work of the school will have a boost by this interchange of social relationships. The visit will not be financial, it will be a call to bring to the attention of the parents and friends the work which the school is doing.

Views of India, China, and Japan to Be Screened.

The second lecture in the series on World Religions will be shown on the screen at the Congregational church next Sunday at 8 p. m. Most of the views have been taken by Dr. Patton of New York. He visited the early sites of Buddhism at Buda Gya and Saranath, while in Ceylon he photographed extensively at Anuradapura, the buried city of Buddhism in the midst of a tropical jungle. At Benares the sacred capital he secured a series of remarkable views of the bathing ghats. A rare treat awaits those who witness the views from Tibet.

The views were taken by Dr. Chuan of Pekin the official photographer of a recent Chinese government expedition to the sacred city of Lassa. Dr. Chuan's views have not been shown except in this set. There are no other photographs in existence. The stereoscopic is operated by Dr. Hebbert of Illinois College; the lecture is given by the Rev. W. E. Collins. An enjoyable hour may be spent looking at these splendid stereoscopic views.

SERVICES AT WOODSON

Rev. A. E. Powell, pastor of Unity Presbyterian church at Woodson, has arranged for an elaborate program to be rendered in the church tomorrow. The details are given in another place in this paper and certainly show a good degree of enterprise on the part of the new shepherd of the Woodson flock. The friends of the church hope the enterprise will prove a complete success.

Mrs. W. R. Coultas has returned from a visit with her daughter Mrs. G. A. Bennett of Meredosia.

the City of Jacksonville Right
Off the Press.

Mrs. Anna Baldwin Campbell has accepted the exclusive agency for the city of Jacksonville for the Illinois State Register, "the greatest newspaper published in Springfield" (and in Illinois outside of Chicago). It is also one of the oldest newspapers in Illinois and has grown and advanced continuously since its beginning more than four score years (33 years) ago.

It is now an evening paper daily and a morning paper on Sunday. Mrs. Campbell says her goal is 500 regular subscribers in Jacksonville.

One thing it would say is: "Don't starve me."

Another: "Don't let me die of thirst."

A third: "Test me often with a hydrometer."

Those are all simple rules, and easy to remember, but to your battery they mean the difference between a long life and a short one.

There are other things that ought to be kept in mind if you look after your own battery. It will pay you to ask us what these are the next time you come in for a hydrometer test or to have distilled water put into your battery.

sonville. She announces that her slogan will be prompt and regular delivery. Her plan is to have five swift messenger boys, with a competent manager, meet the Wabash train, due here at 5:20 p. m. daily and 8:10 a. m. on Sunday, and rush the paper directly to your home office, store or ship. Thus you will receive it right off the press. It gives you today's news today. It publishes the latest legislative, and all other news of the capital right up to the minute. It's news service is the best that money will buy, namely: Associated Press, United Press, and the New York World. It has its own leased wires, and receives hourly the latest news, not only from all over Illinois and America, but the entire world. It has the only United wires in Springfield.

The News-Record, a splendid Springfield paper has just recently been absorbed at a cost of more than \$200,000.00, and the subscriptions to said publication have transferred to Mrs. Campbell's agency, which when added to the already large list of subscribers of the State Register, makes it worth a special effort to satisfy her patrons.

The Jacksonville local news department will be enlarged. The daily sells for 3 cents, 6 copies would be 18 cents and the Sunday paper 6 cents, would be 24 cents. By a special arrangement with the publishers, Mrs. Campbell is enabled to deliver the paper right to your door, just off the press, 6 dailies for only 12 cents (2 cents per day), or the daily and Sunday combined 7 papers per week for only 15 cents. 2 and 1-7 cents per day).

J. E. OSBORNE BUYS
PROPERTY HERE

J. E. Osborne of Murrayville has purchased from Mrs. Hattie Doying her residence property on Grove street. Mr. Osborne expects to retain his extensive interests in Murrayville and vicinity but will bring his family to Jacksonville on account of the school advantages. He had been in the habit of making at least two trips weekly to Jacksonville and said recently that the change would only mean making two or three extra trips going to Murrayville. Mr. Osborne has sold his residence property in Murrayville to Albert R. Hayes, and Mrs. Osborne and their children will be welcomed by their many Jacksonville friends, who will be glad to have them become residents of the city.

The house purchased is spacious and includes two acres or more of land.

Mass meeting tomorrow night, Centenary church, interesting speakers, stirring music.

Two Counts of Indictment Held Against Him for Liquor Selling—Blanche Wilson's Trial Begins.

At 10:30 o'clock Friday morning the jury which heard the evidence in the case of Walter Haxton for selling liquor brought in a verdict finding him guilty on two counts. This jury had the case under consideration for nearly 24 hours and for a considerable time a hung jury was the general prediction.

The trial of Blanche Wilson on the charge of selling liquor in anti-saloon territory was entered upon Friday morning. The case was given to the jury late in the afternoon.

J. Marshall Miller and W. W. Wright appeared on behalf of the defendant and State's Attorney Robinson conducted the prosecution. The jury includes Robert Reed, Herman Verries, Scott Sweeney, John Hodges, Frank Leurig, Albert Gray, Roscoe Nunn, John Mutch, Greeley Busby, Alvie McDonald, George Overbeck and John W. Larson.

REORGANIZE ARMY
HOSPITAL FACILITIES

WASHINGTON, May 9.—Complete reorganization of army hospital facilities to effect economies made possible by the rapid demobilization of the military establishment was ordered today by Surgeon General Ireland. A total reduction of 5500 beds was ordered at various camp hospitals.

Nine hospitals were ordered to be turned over to or reserved for the public health service to be used for the treatment of war risk insurance beneficiaries.

NORRIS OPPOSES
PROPOSED ALLIANCE

WASHINGTON, May 9.—Senator Norris of Nebraska, Republican issued a statement today announcing his opposition to the proposed alliance between the United States, Great Britain and France for the protection of France against attacks by Germany.

"This alliance, if formed," the senator said, "kills the league of nations. The next step is the creation of an army and a navy to carry out the alliance. The next step will be an alliance between some other power to build up an army and navy, both alliances being formed to prevent aggressions. Then with all great nations armed to the teeth the invitation for another war is presented."

ITALIAN TROUBLE
FAR FROM SETTLED

PARIS, May 9.—(By the Associated Press)—The Italian difficulty is as far from settlement as ever according to the French press, which asserts that President Wilson maintains his position. It is not believed he will depart from it. He has not adhered, it is said, to the proposed compromise by which Italy would administer Fiume as mandatory of the league of nations until 1923, after which Fiume would revert to Italian sovereignty, the Jug-Slavs being given a port a few miles lower down the Adriatic coast.

The impression in French circles is that Italy is temporarily abandoning her claim to Fiume and will exact full execution of the pact of London, which, as it involves not only Dalmatia but the Dodecanese Islands, will raise the whole Greek problem and singularly complicate the situation.

ANNOUNCE UNITS

MISS KATHERINE OLMSTED
TALKS TO BOY SCOUTS

The three troops of scouts met in a joint session at the Y. M. C. A. Friday evening. After the opening exercises Miss Olmsted gave an interesting talk concerning her experiences as a Red Cross nurse overseas. Miss Olmsted told of the customs of the Roumanians, Japanese, Chinese, Russians and English. She also told of the awful conditions of the Russians and under what trying circumstances the nurses and doctors had to labor in order to care for the starving orphans of that shattered country. She said that the Roumanian Scouts were a great help to their country. The scout uniforms worn by the scouts of that country differ very much from those worn by the American and English scout. They wear little tight boots. The trousers were blousy, were like bloomers instead of being tight like ours. They wore red or yellow sashes to distinguish their rank. Their caps fit tight, which of course is very different from our hats. The scouts enjoyed Miss Olmsted's talk and learned a great deal from her.

The scouts elected officers to preside at joint meetings and to carry on transactions when ever the troops work together. The following were elected:

President—L. Williamson.
Vice president—W. Headen.
Secretary—G. Johnson.
Treasurer—P. Hunt.
Mr. Walker and Mr. Darr presented medals to the scouts who had won them. The medals were war medals War Savings Stamp medals and others. Those receiving medals were, Scouts, Boruff, Hart, Randswell, Cummings, McGraw, Goebel, Williamson and Hackett.

**COACH R. E. HARMON
RESIGNS POSITION**

Illinois College, Director of Athletics, Tenders Resignation to President Rammelkamp—Business Interests Compel Action.

R. E. Harmon, director of athletics at Illinois College for the past two years yesterday tendered his resignation to President Rammelkamp to take effect immediately.

Coach Harmon who had been coaching in the west for several years back to his home here when his brother W. T. Harmon enlisted in the army. He is looking after his mother's farm lying southeast of the city and also has been holding down the job of athletic director at Illinois.

Mr. Harmon found that his work at the college compelled him to neglect his farming interests.

Despite the handicap of material caused by the war Coach Harmon has done some remarkable things for Illinois College in an athletic way.

He won the Little Nineteen track and field meet at Peoria last year with a team, not a member of which had ever competed in a collegiate contest. The year previous he developed a basketball team that won eight straight games, most of them away from home. This team was headed for the championship when it was shot to pieces by sickness and men leaving school.

In the fall of 1917 Harmon had a football team that accomplished a feat seldom accomplished by a football team. It was composed of green material yet it scored on every team against which it played including Millikin which had a team fully as strong as that of 1916 which held Wilson, Frisbie and company without a score.

Mr. Harmon is a coach par excellence and his many friends will regret to see him leave Illinois. They feel, however, if he returns to coaching that he will go to a larger field than that afforded at Illinois.

The big special today is cocoanut roll, made from fresh cocoanut and fruit, a fine eating candy priced at only 30c per pound at MERRIGAN'S.

THAT FOURTH OF JULY, 1865.

The writer to the Tribune drew copiously on his imagination when he sent in that account of the Fourth of July celebration in Jacksonville, 1865. There were a good many people in town, possibly four or five thousand, and they had a big time. W. C. Woodman was chairman and chief manager of the affair but the credit was by no means wholly due him. John H. Myers, the man who built the Congregational church and later sold Florence and Singer sewing machines, had a great deal to do with it. Then James T. King, clerk then for Mr. Woodman, helped much; also John W. King, son of the veteran jeweler whose store was where is now Cassell's tobacco store, was active in the work.

The great attraction as to be a genuine buffalo hunt by real wild Indians. A few Indians were on hand and a few ponies, "decorated" with various colored paints were brought in by local owners. The buffalo, from the Insane hospital grounds was also brought on but was tame as a cow and looked around as if to say "What's all this racket about?" They prodded it with canes and tried in vain to make it run but it pertinently declined.

The Indians rode around the track a few times and did a few stunts in a bunch sitting on the ground but the whole thing was a gigantic farce and Mr. Woodman was unmercifully joked about it as long as he remained in Jacksonville.

Another prominent feature of the day was the refusal of the band to play before the day was half gone as they were doubtful about their pay so John King gathered some good voices and went up in the judges' stand and sang patriotic song though they were grieved considerably by the crowd.

As the writer remembers, the money was later assured and the band played.

A missionary was with the Indians and passed the hat for the benefit of the mission after he had made an earnest plea.

DEATHS**Mallory.**

The death of Moses Mallory, a long time resident of Jacksonville occurred Friday morning at the home of a relative, Lyman Donald, near Sullivan, Ill., where the deceased had gone several weeks since for a visit. The deceased was born Jan. 27, 1850, and was therefore past sixty nine years of age at the time of his death. The family home was at 719 West Lafayette avenue until a month since, when the deceased decided to go to the Odd Fellows home at Mattoon. For some months past Mr. Mallory had been in failing health.

The deceased was a member of Illini Lodge No. 4, I. O. O. F. and of Temple Encampment No. 19. He was also a member of the First Baptist church and was a man who had the high regard of all with whom he came in contact. For a number of years past he had engaged in the profession of nursing and was ever faithful in the performance of duty. He was married three times, the third wife, Mrs. Adeline Mallory, now residing with her son at 765 South West street. He leaves besides his wife, one daughter, Mrs. Paul Seymour of 444 Webster avenue; one sister, Mrs. Mary Connor of Los Angeles, Cal., and one brother, William Mallory of Edgar, Neb. He is also survived by one niece, Mrs. Mary E. Scott of Ottumwa, Iowa.

A. G. Cody left last night for the remains, which will be brought to this city for interment. The funeral services will be in charge of Illini lodge, and further announcement as to the time and place will be made in tomorrow's Journal.

Matrimonial**Faust-Hanlin.**

William Faust son of Mrs. Lydia Faust of 888 East State street and Miss Alice Hanlin daughter of Mr. and Mrs. John Hanlin of Griggsville were united in marriage in Peoria at 4 o'clock Wednesday afternoon by the Rev. Mr. Hazen pastor of the Baptist church.

The groom was a resident of this city for many years. He received his education in the schools and at Brown's Business College. For the past two years he has been in the employ of the Watska Lumber & Coal Company a branch of the R. G. Mackmiller Lumber company of Peoria. He is highly regarded by both his employers and fellow workmen.

His bride is a native of Griggsville but resided here for some time and attended the high school and Brown's Business College. For the past two years she has resided with her sister, Mrs. Albert Glazebrook in Peoria. She is a young woman of much personal charm and highly regarded in a large circle of friends.

Their many friends had expected to hear of their marriage, but not at such an early date. A very happy married life is wished for their many friends, not only in Jacksonville but in Griggsville, Peoria and Watska.

Mr. and Mrs. Faust expect to make a brief wedding trip to eastern points after which they will reside in Watska.

**DECLAMATION CONTEST
HELD FRIDAY NIGHT**

Miss Kathleen Oehler of Winchester Wins First Honor and Miss Belle Wall of Divernon, Second.

The fourth interscholastic contest in declamation attracted a deeply interested audience at the David Prince building last evening and the efforts of the young people were of a high order of merit. All had been well drilled and spoke clearly and distinctly and entered fully into the merits of their respective selections.

There seemed to be no question in the mind of any one regarding first honors, though there were several who appeared to be about equally entitled to the second honors. It took the judges quite a while to make a decision but it was finally announced; Miss Kathleen Oehler, Winchester, first; Miss Belle Wall, Divernon, second.

The judges were Prof. Sadler of Carthage; Supt. Newenham of Bluffs; Miss Katherine Lundgren, teacher of English in Quincy high school.

The following was the program "Laddie".....Ashland H. S. Iona Bell.

"The Fourth Estate".....Bowen H. S. Opal Miller.

"The Going of the White Swan".....Virginia H. S. Bernita Jacobs.

"The Three Things".....Auburn H. S. Bertice Evans.

"Drafted".....New Berlin H. S. Harriette White.

"Mice at Play".....Divernon H. S. Belle Wall.

"Marcus Pleads With Mercia".....Winchester H. S. Kathleen Oehler.

"Spartacus to the Gladiators".....Effingham H. S. George Ewers.

Social Events**Gave Party Honoring
Dr. Weirich.**

A very enjoyable party for men was given by Otis Hoffman at his home, 510 North Prairie street, Thursday evening, in honor of Dr. W. H. Weirich, who recently returned from the overseas service of the army and re-entered the practice of medicine. In the earlier hours of the evening a program of music was enjoyed and at 10 o'clock a splendid supper was served. Mr. Hoffman as the host made generous preparations and the menu was in every way excellent. Before the company sat down to the tables Keith Montgomery presented Dr. Weirich with a beautiful Elks pin as a token of the friendship of those present. While the gift came as an entire surprise to the recipient, he responded in a happy way and made his friends know that he sincerely appreciated their gift.

The house had been handsomely decorated with flowers for the occasion and roses and carnations added to the beauty of the table service. The company included Dr. W. H. Weirich, Gen. Traff, Dr. C. E. Cole, Keith Montgomery, Harry Timmons, George Orear, H. E. Wheeler, Henry J. Smith, Charles Ator, Cass Hamm, Fred Beggs, Earl B. Wiswell, John W. Clary, William A. Masters, Frank L. Hairgrove, H. K. Chenoweth, Paul Alexander and H. L. Caldwell.

**Woman's Club Met.
Friday Afternoon.**

The woman's club held its last meeting before the June Breakfast in academy hall Friday afternoon with a large attendance. Miss Pribe was to have given a group of songs but was out of the city and Prof. Kritch and Miss Mabel Forrester gave a number which was greatly appreciated by the members. Miss Katherine Olmsted a member of the club and one of whom all are proud made an address on Child welfare work. Miss Olmsted told of child welfare work in England. Following the business session a social hour was had, the hostesses being Mrs. F. J. Andrews and Miss Johnston.

The big special today is cocoanut roll, made from fresh cocoanut and fruit, a fine eating candy priced at only 30c per pound at MERRIGAN'S.

It's Refrigerator Time

The days are getting warmer every week and the milk sours and the butter melts, no matter where you put it. It's time to begin taking ice, and of course that means a refrigerator.

Let us show you the "LEONARD CLEANABLE"—the one which we honestly believe combines all of the good qualities necessary in a satisfactory refrigerator. We have several styles and many sizes.

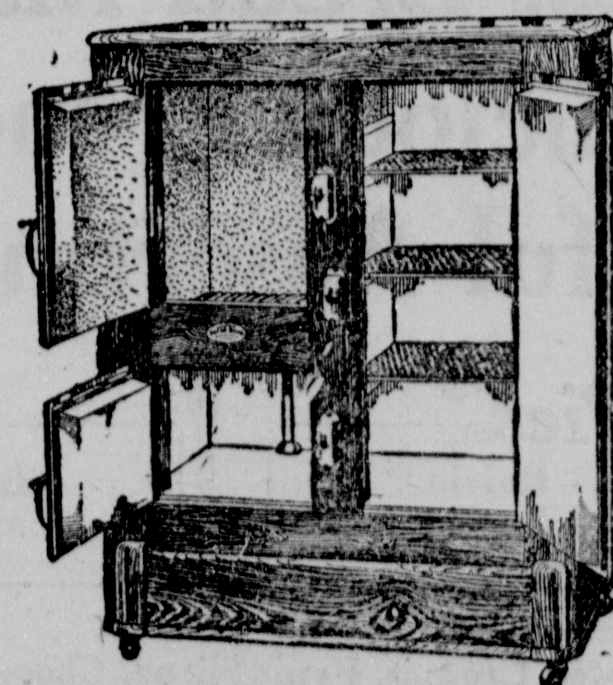

Why We Recommend "Leonard Cleanable"

It has a scientifically planned cool, dry air circulation that insures proper refrigeration.

It has seven walls arranged to secure the greatest benefit from mineral wool lining, dead air spaces and insulating papers—the three greatest non-conductors of heat. This means ice conservation.

Every board and panel used in its construction is tongued and grooved to its neighbor, which means that all joints are tight and true and practically air tight—that helps save ice.

It has the patented removable cleanable Tubes, highest grade interior finish, beautiful rubbed and polished outer case—everything to make it satisfactory in use, and its possession a source of pride to its owner.

THE "LEONARD CLEANABLE"
Made of Northern Ash, weather seasoned, dry and odorless. Finished in a beautiful rubbed Golden Oak color.

CHAMPAIGN HIGH TOOK INTERSCHOLASTIC MEET

WON WITH TOTAL OF 35 POINTS—SPRINGFIELD SECOND—WINNERS HAD WELL BALANCED TEAM—LOCAL TEAM SCORED SEVEN POINTS—TOOK SECOND IN RELAY—MAJOR WON INDIVIDUAL CUP.

With one of the best balanced teams ever seen on Illinois field Champaign high school won the fourth annual Illinois College Interscholastic track and field meet Friday afternoon with a total of 35 points. Springfield was second with Urbana and Palmyra tied for third place with 16 points each.

Urbana sent a two man team and they made a remarkable showing. Palmyra however, had a larger team and had more men entered in the various events. The relay counted in the scoring this year and it was won by Springfield.

To the surprise of everybody Jacksonville which has not been showing much this year finished a strong second and with some practice will have crack relay team.

Douglas finished third in the mile run for Jacksonville and ran a pretty race. Lucas scored two points with a third in the high hurdles.

Major of Champaign was awarded the cup for the best individual performance. Major is a classy athlete and scored 14 points and was easily the star of the meet.

Perhaps the prettiest race of the day was the mile run. Wells of Champaign set a fast pace closely pursued by Douglas of Jacksonville. Peterson of Virginia coming out of the field took the lead in the third lap and everybody thought Wells had shot his bolt. However, running like a hundred yard sprinter he passed Peterson in the last lap and won pulled up.

Brownell of Champaign won the pole vault in easy fashion. He then tried for the record of 11 feet 6 inches held by Routzahn of Girard. However, he was unable to reach that mark, but he is said to have cleared the bar at 12 feet in practice.

It was probably the best ordered meet that has ever been run off in Jacksonville. Coach Harman had an excellent organization and Jacksonville has come to know Harry Gill's ability as a referee and starter. Mr. Gill does not permit any loafing after the meet starts and the result was

that everything was completed on schedule time.

For the first time in local athletics the spectators were able to see the men in the broad and high jumps, pole vault and other field events. Heretofore spectators and contestants have been standing in the way. Yesterday a fence had been built around the space where the jumping and pole vault took place and no one allowed inside but officials and contestants.

There was a large crowd present, the local people turning out well. It is to be regretted that the rain made the roads so bad that many who would have come from adjacent cities by automobile were unable to attend. This would have added several hundred to the crowd.

While no records were broken the time in the track events was good, when it is considered that few schools have had athletics for the past two years. Some of the athletes looked good. Perhaps one of the best looking men in the contests was Hodde who ran the sprints for Springfield. He has good form lots of speed and is game.

The summaries:

100 yard dash first heat—Sutton Palmyra first, Major Champaign second, Driver Girard third. Time 10-3-5.

The Jacksonville Candy Co.

Raise chicks this spring for yourself and for the market. Cash in on big poultry profits. It is easy to raise poultry if you feed a balanced ration of

Purina Chicken Chowder and Purina Chick Feed

This combination insures maximum results, because it gives the chick all the nutrients needed to develop the whole chick. Chicks fed the Purina Way grow much faster than when fed only grain because grain is rich in heat and energy, but lacks a sufficient quantity of the elements that make blood, bones, nerves, feathers and flesh. These elements are abundantly provided in PURINA CHICKEN CHOWDER.

PURINA CHICKEN CHOWDER should be fed right through the summer to chicks and growing fowls. Your pullets will begin to lay earlier in the fall if this feeding plan is followed. PURINA CHICKEN CHOWDER should be fed with PURINA CHICK FEED and PURINA SCRATCH FEED. Follow this plan and we'll guarantee

DOUBLE DEVELOPMENT or MONEY BACK

The money paid for PURINA CHICKEN CHOWDER will be refunded if chicks fed PURINA CHICKEN CHOWDER with PURINA CHICK FEED as directed, do not develop twice as fast during the growing period as chicks fed a grain ration.

After-Effects of "Flu" Leave System Badly Shattered

Help Is Needed to Restore Strength and Vigor

If you have been through a siege of the flu, you know the severe strain which this disease puts on the system. The body is left sore, the nervous system is all out of gear, and it seems that you will never get back your old-time health and strength.

Just because you have been fortunate enough to survive the ravages of the flu, do not make the mistake of thinking that you are out of danger. You must guard your health now more carefully than ever, and take every precaution. First of all, you must build back your strength.

In your present weakened condition, any trifling ailment will likely prove serious. Right now a few bottles of S. S. will prove of great value. This splendid tonic and purifier so thoroughly cleanses the blood of all impurities, that the appetite is improved and new life and vigor is added to the entire system. Do not delay the important work of getting back your strength, but get a bottle of S. S. S. from your druggist today.

Walk-Over SHOES

Each pair of hands is controlled by a brain. Brain and hand trained to making shoes to fit — to putting first-day-satisfaction into Walk-Over shoes—that is the service the Walk-Over factories give you.

Walk-Over Boot Shops everywhere offer you a further extension of that service. We carry a stock large enough to make a satisfactory fit a simple, easy matter.

The satisfaction that our customers have learned to take as a matter of course is really the result of specialization and co-operation between Walk-Over Shop and Walk-Over factory.

A BRIGHT BOY

A man was traveling through Morgan county on a certain day when he saw a small boy hoeing corn in a field adjoining the road. Approaching the lad he said:

"Your corn looks rather yellow my boy."

"That's the kind we raise."

"I don't think you'll have more than half a stand."

"That's all we look for; owner gets the rest."

"I don't think there's much between you and a fool."

"Yes; only the fence."

Just then the man suddenly remembered he was urgently wanted elsewhere and drove on.

ROTARY CLUB AT WEEKLY LUNCHEON

Rev. M. L. Pontius Gave Report of District Conference—"Big Brother" Committee Will be Named.

At the luncheon of the Rotary club held at the Pacific hotel Friday noon Rev. M. L. Pontius made a report of the recent district conference held at Joliet. At that time Mr. Pontius was further impressed with the active connection Rotarian clubs have in many cities with all movements for the betterment of child life. In all parts of the country the Rotarian organization has backed the Boy Scout movement, the Camp Fire Girls movement and some other movements that are recognized as helpful to boys and girls.

The statement by Mr. Pontius brought about some interesting discussion which resulted in a motion providing for the organization of a "Big Brother" committee. H. M. Capps as president is to appoint a committee of five and by unanimous vote the Rotary club here will lend its influence and support to every movement in the community for the betterment of child life. This does not mean that the club will inaugurate movements but will lend its assistance to organized efforts already being made or to be made.

There has come in recent years a far keener appreciation on the part of the public of the value of child life in its relation not only to the present but to the future, and the Rotarians throughout the country who have become interested in the movement have found that they were taking up a work of real importance.

Further announcement appears in another column of the coming of Major Gen. Peter E. Traube, who will be the guest of the Rotary club next Thursday. He will attend a dinner to be given by the ladies of the Christian church at 8:15 o'clock and address an audience in the general assembly room of the church at 8 o'clock.

May Day Fete, Illinois Woman's College Campus, Monday, May 12th, 6:30 p. m.

HEALTH PROMOTION

The Time is Almost Here; Are All Doing Their Best to Make it Success?

Health promotion week is drawing near apace and the all important time will begin tomorrow. It is to be hoped that the ministers of the city will do their part in making a good beginning and then thus a success all the way through.

The Mount Woman's Club will have a float Saturday and make it something worth seeing.

Thursday evening Dr. Chapin visited the gathering at the trades and labor assembly hall and spoke on the subject. Fred Darr was also there and considerable enthusiasm was manifested in the enterprise and the decision was to have two floats in the parade the last day, Saturday.

Dr. Chapin addressed the assembly and was heard with much interest and the result will be apparent in the week to come.

Miss Coale is busily at work in her department and the work in general is going ahead as it should.

Again the Journal would call attention to desire for cartoons. Will the many artists of the city get busy for even a short time and prepare a lot of attractive cartoons for the purpose? This is a matter that should have attention and all who can make a picture are urged to prepare as many as possible and bring them to headquarters in the Lane bookstore room today or as soon thereafter as possible.

SPECIAL SERVICE FOR C. E. MOTHERS

Honor your mother by attending the special service of the Senior Christian Endeavor society at the Central Christian church tomorrow evening at seven o'clock. An especially interesting program has been arranged. All mothers and friends of the society will be welcome.

\$1,365,900 and that the total subscription to date is \$1,473,150. Today is the last day of the campaign and Chairman Capps has referred to it as a "round-up" the county over.

Doubtless it will happen that there will be a considerable increase in the net over-subscription as well as a material reduction in the amounts underwritten by the banks where individual subscriptions have not yet been made to cover the quotas. The accompanying table shows the quotas, subscriptions, amounts underwritten and the over-subscriptions:

HELMET PRIZE WINNERS ARE MADE PUBLIC

Committee Had Large Task in Considering Manuscripts of School Children on Victory Loan Theme.

Prizes were recently offered to pupils of the city schools for the best essay on "Why My Father Should Buy Victory Bonds." Mrs. C. A. Barnes as chairman of the woman's committee of the Victory loan organization made the arrangements with Supt. Perrin of the city schools for the competition and subsequently appointed as judges of the essays Miss Maria Fairbank, Mrs. Frank J. Heini and Mrs. A. B. Applebee.

A German helmet was the prize offered for the best essay in each of the schools and in the competition the judges were expected to take account of the contestant's age and various conditions. The length of the essay was limited and each contestant was required to write on paper of uniform size and other requirements were made which would lessen the task of considering such a large number of manuscripts.

One requirement followed in each case was for the contestant to have the endorsement of his or her father at the bottom of the manuscript, stating that the father had read and approved the subject matter. It was by this requirement that the purpose of the contest was apparent and no doubt some worth while results were accomplished in increasing the interest in the Victory loan, for by the reading of these essays hundreds of men would have the subject matter brought to their attention in a very personal way.

Announcement was made yesterday of the winners in this admirably conducted patriotic contest.

High school—Dorothy Randle. David Prince Junior H. S.—Vida Sloan. Josephine Milligan School—Leslie Hogue. Jefferson School—Bernice Abner. Lafayette School—Robert B. Frisch. Franklin School—George Metcalf. Morton School—Ethel Smith. Washington School—Jimmie Vosseller.

The premium in each case is a German helmet which was captured by our boys when they occupied the Rhine cities. These helmets will be presented to the winners by members of the local Victory Liberty Loan committee. These probably will be presented Monday.

If should be stated that the judges of the themes were absolutely ignorant of whose themes they were correcting, they having no information as to the identity of the writers. The plan was worked out and approved by both the Victory Liberty Loan committee and Supt. Perrin of the city schools. The judges were appointed by the Victory Liberty Loan committee and had no connection whatever with the school.

OLD SOLDIERS INDORESE.

THE FOURTH IDEA

At the regular meeting of Matt Starr Post G. A. R. yesterday afternoon the matter of a grand welcome to the returning soldiers on the Fourth of July was brought up and cordially indorsed by every one present. It was decided to co-operate with any committee appointed and the commander was instructed to appoint a committee of five to co-operate with any other committee which might be appointed to carry out the project.

The commander was also instructed to communicate to the officials of the Women's Relief corps the action of the post in order that the ladies might take any action they see fit.
